**IN THE UNITED STATES DISTRICT COURT  
FOR THE EASTERN DISTRICT OF VIRGINIA  
Richmond Division**

JAMES H. RAYNOR,

Plaintiff,

v.

HAROLD CLARKE, et al.,

Defendants.

Civil Action No. 1:19-cv-1392

**CONFIDENTIAL SETTLEMENT AGREEMENT AND RELEASE OF ALL CLAIMS**

This Confidential Settlement Agreement and Release of All Claims ("Settlement Agreement") is entered into the \_\_\_\_ day of October 2020, by and between the plaintiff, James H. Raynor ("Raynor") and The GEO Group, Inc., a Florida corporation ("GEO"). Raynor and GEO are collectively referred to "the Parties".

WHEREAS, Raynor is an inmate confined at the Lawrenceville Correctional Center ("LVCC") in Brunswick County, Virginia. LVCC is privately operated by GEO under contract with the Commonwealth of Virginia ("Commonwealth").

WHEREAS, prior to Raynor's confinement at LVCC, he settled a series of lawsuits brought against officials employed by the Virginia Department of Corrections ("VDOC Settlement"), an agent of the Commonwealth.

WHEREAS, Raynor has filed the above-captioned lawsuit ("Lawsuit") against various officials employed by the Commonwealth related to his conditions of confinement at LVCC. Specifically, Raynor alleges he suffered personal injuries caused by his allegedly unconstitutional conditions of confinement ("Challenged Conditions"). In the Lawsuit, Raynor also contends that the Challenged Conditions are in violation of the VDOC Settlement.

WHEREAS, Victor M. Glasberg, Esq., a licensed attorney at law, was appointed as counsel to Raynor by the Hon. Leonie M. Brinkema, United States District Court Judge. The Parties were instructed to attempt to resolve the Lawsuit via judicial settlement conference.

WHEREAS, the Parties convened a judicial settlement conference before the Hon. Michael S. Nachmanoff, Magistrate Judge. The Parties having resolved the Lawsuit, they now desire to enter into this Settlement Agreement in full and final settlement and discharge of any and all claims now existing between the Parties.

NOW THEREFORE, in consideration of the promises and covenants herein, and other good and valuable consideration exchange, the receipt and sufficiency of which the Parties acknowledge, the Parties agree as follows, intending to be legally bound:

Initialed: WC, MM /      /     

1. The above recitals are incorporated and made part of this Settlement Agreement as if set forth fully herein.

→ 2. GEO's Promises. GEO agrees to do the following for Raynor's benefit:

a. GEO will provide Raynor with a new So-Clean machine. Raynor will be responsible for the safekeeping and care of the machine.

b. GEO will promptly engage in its reasonable best efforts to ascertain whether the electrical outlets, wiring, and other facilities in and around Raynor's cell can be reconfigured to remove all electrical wires from the floor. If removal of the electrical wiring from the floor is practicable, GEO will use the best available means, in its sole discretion, to furnish electrical service to Raynor's cell in a manner that does not require wires to be run across the floor.

c. While wearing metal wrist restraints for transport to offsite medical appointments, court appearances, or other offsite activities, GEO will permit Raynor to wear a long sleeve shirt or other cloth barrier sufficient to protect his skin from contact with the metal cuffs.

d. GEO will provide Raynor with two rolls of toilet paper and one box of wipes per week for his personal use.

e. GEO will promptly arrange for Raynor to be examined by a competent spinal surgeon related to his lumbar region and, specifically, whether he has a medical need for lumbar spinal fusion. The physician's report and medical records will be available to Raynor and his counsel via the existing channels for securing the same from the prison.

f. GEO will promptly arrange for Raynor to be examined by a competent pain specialist for purposes of assessing whether Raynor has a medical need for spinal injections for alleviation of pain. The physician's report and medical records will be available to Raynor and his counsel via the existing channels for securing the same from the prison.

g. GEO acknowledges its obligation under both (a) federal and state disability laws and regulations as applied to prisons and (b) its contract with VADOC regarding the employment of a qualified ADA Coordinator at LVCC.

h. GEO warrants that, as of the date of execution of this Settlement Agreement, Raynor has been reinstated into academic programs and that, at present, there are no impediments to Raynor's ability to hold employment. GEO specifically does not warrant that Raynor meets the medical eligibility criteria or qualifications for open prison jobs at Lawrenceville Correctional Center. Paragraph 12 of the VDOC Settlement, appearing as Document No. 24-1 to this Lawsuit, survives this

Initialed: lve / WMM / \_\_\_\_ / \_\_\_\_

Settlement Agreement, and is not superseded, altered, or otherwise affected by this term.

- i. GEO will pay \$8100 ("Payment") to Victor M. Glasberg & Associates as escrow agent for James Raynor, and issue Form 1099 to Mr. Glasberg reflecting this payment with Box 14 checked. Mr. Glasberg will attend to distributing Mr. Raynor's share to him. GEO will issue Form 1099 reflecting this payment with Box 14 checked. This \$8100 is specifically paid to Raynor as compensation for disputed personal injury claims.

→ ③ **Global Release of Claims.** As consideration for the foregoing promises, Raynor, for himself, his heirs, personal representatives, and assigns, does hereby RELEASE, ACQUIT, and FOREVER DISCHARGE the following parties upon receipt of Payment: GEO, Geo Secure Services, LLC, the Commonwealth, including the Virginia Department of Corrections; and their parents, subsidiaries, affiliates, insurers (including, without limitation, National Union Fire Insurance Company of Pittsburgh, PA), third party administrators, predecessors, successors, assigns, agents, officers, directors, shareholders, heirs, executors, employees, vendors, subcontractors, independent contractors, and attorneys (collectively, "Released Parties") of or from all injuries, claims, demands, losses, damages, actions, causes of actions or suits at law or in equity, for or because of any matter or thing done, omitted or suffered to be done by one or all of the Released Parties prior to and including the date hereof, and particularly on account of all injuries known or unknown to the Releasor's person arising out of or related in any way to the Lawsuit, the Challenged Conditions, the VDOC Settlement, and, more generally, Raynor's conditions of confinement at LVCC.

④ **Egg Crate Mattress.** Raynor acknowledges that he has recently received a new egg crate mattress. Raynor agrees that GEO's obligation under this Settlement Agreement or otherwise to provide a new egg crate mattress has been fully performed. This acknowledgment shall in no way prejudice Raynor for seeking a replacement egg crate mattress at an appropriate time in the future.

5. **Dismissal of the Lawsuit with Prejudice.** The Parties agree to dismiss the Lawsuit with prejudice promptly following execution and exchange of this Settlement Agreement. Accordingly, the Parties authorize their respective counsel to execute and file a Stipulation of Dismissal (with prejudice) under Fed. R. Civ. P. 41. The Stipulation of Dismissal shall specify that the Hon. Michael S. Nachmanoff, Magistrate Judge, shall retain jurisdiction over this matter solely for purposes of enforcing this private Settlement Agreement.

⑥ **Commonwealth an Intended Beneficiary.** The Parties acknowledge that the Commonwealth, the Virginia Department of Corrections, and their parents, subsidiaries, affiliates, insurers, third party administrators, predecessors, successors, assigns, agents, officers, directors, shareholders, heirs, executors, employees, vendors, subcontractors, independent contractors, and attorneys, are each an intended beneficiary of this Settlement Agreement.

Initialed: WV / WM / \_\_\_\_\_

7. **No Admission of Liability.** This Settlement Agreement is the compromise of a disputed claim. The Payment made herein is not to be construed as an admission of liability on the part of the Released Parties, by whom liability is expressly denied.

CONFIDENTIALITY WAS AND HAS BEEN BROKEN BY THE DEFENDANT'S OF GEO GROUP INC STAFF:

8. **Confidentiality.** Raynor and his legal counsel (collectively, "Confidentiality Parties") agree that they will, keep the substance and the terms and provisions of this Release strictly and absolutely confidential and at no time will disclose any information whatsoever regarding this Release, except that Confidentiality Parties may divulge the terms and provisions of this Release to a financial or tax advisor, and/or legal counsel and as required by law. The Confidentiality Parties agree not to discuss this Lawsuit or this Settlement Agreement with any third party, including but not limited to members of the media, except that the parties may state, "The matter has settled and the terms are confidential." It is understood that the Complaint in this lawsuit is a matter of public record and that Burke's counsel may refer to this matter in his discretion in discussions with existing and prospective clients, list it on his CV, and list it in any fee petition, but, with respect to any of these, without referring to the terms of settlement.

In addition to Raynor, GEO; the defendants' counsel, Michael G. Matheson, Esq.; and Burke's counsel, Victor M. Glasberg, Esq., by signing below acknowledge and agree to be bound by this confidentiality term.

9. **Indemnification Against Liens.** Raynor hereby acknowledges, agrees and warrants to defend, hold harmless and indemnify the Released Parties for and against any and all claims, demands, suits, causes of action or judgments of any type whatsoever which have been or may be brought by any third parties asserting an interest in the settlement proceeds paid hereunder, including any action brought by any third party asserting any type of medical lien, Medicare lien, Medicaid lien, medical assignment, subrogation claim, Worker's Compensation lien, or any other lien, assignment or claim of any type whatsoever, and the Releasers agree that they will indemnify the Releasees for any amounts paid by them in connection with the assertion of any third-party claims whether these amounts are incurred due to settlement, verdict, defense costs, attorneys' fees or otherwise. The Releasers also specifically agree to waive any current and future private cause of action they may have or had against the Released Parties pursuant to the Medicare Secondary Payer Statute, 42 U.S.C. 1395y(b)(3)(A).

GEO, acting through its third-party administrator, has searched for liens with the Centers for Medicare and Medicaid Services and child support enforcement entities and found none.

10. **Complete Integration.** This Settlement Agreement constitutes the entire agreement of the parties hereto, that the terms of this release are contractual and not a mere recital. This Release sets forth the entire understanding of the Parties respecting the matters herein, and it shall not be changed or terminated orally.

11. **Facsimile Signature Enforceable as Original.** The Parties agree that this Release may be executed in counterparts, including facsimile or electronically signed or delivered counterparts. Counterparts so signed and delivered are valid and binding as if an original had been signed, delivered and received, and collectively the Release so executed is as if originally signed by all Parties.

Initialed: WU / WU / \_\_\_\_ / \_\_\_\_

**12. Each Party to Bear His or Her Own Costs.** The Releasor acknowledges and agrees that each party shall bear their own litigation costs, including but not limited to attorney's fees expended bringing or defending this action.

WHEREFORE, intending to be bound by the provisions of the foregoing Confidential Settlement Agreement and Release of All Claims, the Parties hereby enter into this Settlement Agreement by signing below:

Dear Mr. Raynor:

Per our conversation today, I have enclosed a copy of the email written to defense counsel for both the GEO Group, Inc. and Virginia Department of Corrections. These are the same defense counsel with whom Mr. Glasberg dealt with during your case last year. Please keep a copy of this email for your records.

Best wishes.

Sincerely,

Good Afternoon Counsel,

I am writing to you on behalf of Vic Glasberg.

We received a call from Mr. Raynor today regarding a potential transfer he is currently facing. Mr. Raynor advises that for religious purposes, he put in a request for kosher meals. Mr. Raynor informs us that correctional staff told him they did not have the option to provide kosher meals to inmates and told him they would put in for a transfer to move him to another facility that could accommodate his request. While that explanation, if true, regarding kosher meals presents its own concerns, Mr. Raynor withdrew the request for kosher meals because he does not want to leave Lawrenceville. His settlement agreement with GEO, as you know, provides for a number of specific accommodations regarding his health, including modified electric wiring in his cell, referrals to a spinal specialist and continued monitoring of his lower back condition, and the provision of an egg carton support for his mattress. He is concerned that a transfer to another facility would significantly interfere with his ability to receive these accommodations which remain a binding part of his settlement with GEO, as the operator of the Lawrenceville Correctional Center. Notwithstanding Mr. Raynor's reluctant but unequivocal decision to withdrawal his request for kosher meals, rather than risk a transfer, he was nonetheless advised by correctional staff that they have put in a request for his transfer, and he could possibly be moved before the end of this week.

These concerns seem to fall within Magistrate Judge Nachmanoff's continued jurisdiction of the enforcement of the settlement agreement between Mr. Raynor and GEO. I would ask that you please look into the matter at your earliest opportunity and advise of your position on these matters. If you are unwilling to advise GEO to withdraw the transfer request, please let me know your availability between now and April 21<sup>st</sup> to appear before Judge Nachmanoff.

Separately, I would ask you to please review and share with us the current policies regarding the availability of kosher meals at Lawrenceville Correctional Center including the criteria used by correctional staff to determine an inmate's eligibility to these meals.

Thank you.

Best Regards,

Dear Mr. Raynor:

This letter follows my earlier letter to you dated today. If you open this one first, please read the other one before you read this one.

In light of your medical difficulties, and only if you want to, the authorities may be willing to get you transferred to an appropriate prison in another state. I cannot guarantee this, but it has been raised as a possibility by defense counsel given your difficulties here. This is nothing that can be forced on you. It would happen, if at all, only if you agreed. The Virginia court would not control matters following a transfer: that is something to be seriously considered. I would not recommend it, but it is your decision to make.

I WAS ASKED BY  
THE STATE IF I  
WILL TRANSFER TO  
ANOTHER STATE

I do not know your personal circumstances. I do not know where your family members or friends live, or whether you have connections with other jurisdictions. If you believe that transferring out of state to an appropriate facility that would *hopefully* take care of you properly makes sense, please let me know immediately, or confirm that this does not interest you. You can indicate this below and return the copy of this letter to me.

Sincerely,

Victor M. Glasberg

I agree to be transferred to another state, and would like to be transferred to the state of \_\_\_\_\_, or \_\_\_\_\_, or \_\_\_\_\_

☒ I do not wish to be transferred to another state.

### POLYSOMNOGRAPHY REPORT

#### Patient Demographics

Patient name:	Raynor	Study Location:	SVR Sleep
First name:	James	MRN Number:	760447129
Sex:	Male	Started:	11/12/2020 at 8:12:34 PM
Birth date:	5/15/1960	Stopped:	11/13/2020 at 3:14:34 AM
Patient age:	60 years	Duration:	7:02:00 hours (422.0 min)
Height:	70.0 in.	Weight:	240.0 lbs.
BMI:	34.4 lb/in <sup>2</sup>		

Referring provider: Esochaghi, I

Interpreting physician: Minai, Omar

#### Testing Type & Methods

Type of Test: PSG

CPT: 95810 Attended Polysomnography 4 or more channels

Method: Polysomnography was conducted on the night of 11/12/2020. The following parameters were monitored: frontal, central and occipital EEG, electrooculogram (EOG), submental EMG, nasal and oral airflow, anterior tibialis EMG, body position and electrocardiogram. Additionally, thoracic and abdominal movements were recorded by inductance plethysmography. Oxygen saturation (SpO<sub>2</sub>) was monitored using a pulse oximeter. The tracing was scored using 30 second epochs. Hypopneas were scored per AASM definition VIII.4.A (4% desaturation).

#### Brief Clinical History

This patient is a 60 year old who underwent a diagnostic polysomnogram to evaluate the patient's sleep disorder. Patient was on CPAP in 2017. CPAP was destroyed in an accident. Patient states he has lost at 240Lbs in the last year.

#### Sleep Data

The study began on 11/12/2020 at 8:19:04 PM. The patient was monitored for a total of 376.4 minutes, out of which the patient slept for 357.5 minutes. Sleep onset occurred at 8:29:04 PM for a sleep latency of 10.0 minutes. Sleep efficiency was 95.0%. REM latency was 66.0. Wake after Sleep Onset (WASO): 8.9 minutes. The study ended on 11/13/2020 at 2:35:28 AM.

A breakdown of sleep staging reveals the following: Stage N1 15.0 minutes (4.2% of total sleep time), Stage N2 292.5 minutes (81.8% of total sleep time), Stage N3 0.0 minutes (0.0% of total sleep time) and last, REM 50.0 minutes (14.0% total sleep time).

Study Date: 11/12/2020

LAST DATE  
I WAS TESTED

### Respiratory Data

During the study, there were a total of 34 apnea events occurred for an apnea index of 5.7 /hour. 51 hypopnea events occurred for a hypopnea index of 8.6 /hour of sleep. 85 apnea and hypopnea events were observed during the analysis period as follows: 32 obstructive apneas, 2 central apneas, 0 mixed apneas, and 51 hypopneas for an apnea/hypopnea index (AHI) of 14.3 /hour of sleep. AHI while supine: 14.3. Snore index: 0.00. Snoring was moderate. Cheyne Stokes was not observed.

(32). To stop, choke, and/or prevent the heart stops + flat lines: (2). (51). A low oxygen blood count - Abnormally shallow, and or slow, or stop breathing. A shut down of the body's respiratory function.

#### Respiratory Summary by Body Position

	Supine	Left	Right	Prone	Total
AHI, REM	8.4				8.4
AHI, NREM	15.2				15.2
AHI, Total	14.3				14.3

Oximetry: Desaturations were based on 4% or greater drop from baseline. 1.5 desaturations occurred during the study. The average SpO2 was 97%. The minimum SpO2 value during sleep was 90%. The minimum SpO2 value associated with a respiratory event was 90%. The duration of SpO2 less than 88% was 0.00 minutes.

### Cardiac Data

The average heart rate during sleep was 53.3 bpm. The 95<sup>th</sup> percentile heart rate during sleep was 59.0 bpm. The 95<sup>th</sup> percentile highest heart rate during recording was 59.0 bpm.

### Arousal Statistics

A total of 123 arousals (20.6/hour) were observed during the analysis period as follows, 34 respiratory arousals, 0 Leg Movement arousals, 89 spontaneous arousals and 0 snore arousals.

### PLM Statistics

There were 0 PLMs with a PLM arousal index of 0/hour.

**Impressions:**

Significant Obstructive Sleep Apnea (G47.33)

**Recommendations:**

- The patient should return for Positive Airway Pressure Titration.
- Optimize sleep habits by maintaining a regular sleep/wake cycle, ensure sufficient total sleep time, avoid caffeine after 2 pm, and avoid looking at the clock during the night.
- Electronic media should be limited in the sleep environment.
- Regular exercise and maintaining an ideal body weight promote good sleep health.
- Avoid driving if tired or sleepy.
- Alcohol and sedative medication can exacerbate sleep apnea and should be avoided close to bed time.

SLEEP APNEA:*

I am your girl who schedules for our Emporia location. I am new to this location and I think they are still trying to get word out as to me being the new point of contact for scheduling. I am sorry to hear of the troubles you have had in reaching us.

At this moment, we are newly considered out of network with these inmates anthem plans. This was just brought to our attention about a week ago and I am waiting for direction from management as to what do to or how to proceed or what to tell you guys to do.

I have just sent them a follow up email to see what options we have, if any, at this moment. I have about 3 other inmates to schedule but my hands are tied at this time, we want the procedure covered, obviously.

Please hang in there. I have saved this request and will keep you posted as I know more.

This is the best way to reach me directly, I have no direct contact number at this time working from home. And my person fax is listed below. The [REDACTED] The cell listed is my person cell and not protected to discuss specific patient information. ☹️ BUT If you email me, I can call you back from our secure app. Outgoing calls I can make. Just cant accept incoming calls at this time.

## NASAL CPAP TRIAL REPORT

Date of Study: 12/20/2016

Name	RAYNOR, JAMES	Height	70.0 In
DOB	5/15/1960	Weight	299.0 Lb
Medical Record#		Neck Size	17.0 Inches
Referring Physician	Greensville Correctional Center	Epworth	18
Interpreting Physician	Rakesh K. Sood, MD	BMI	42.9

### GENERAL SUMMARY:

Total Sleep Time: 393 minutes  
Sleep Efficiency: 99.87%  
Apnea Hypopnea Index: 3.2  
Baseline SAO2 during Sleep: 97% SAO2 Nadir: 92%  
PLM Arousal Index: 0.0

**DIAGNOSIS:** Obstructive Sleep Apnea Syndrome. ICD 10: G47.33

*[Signature]*  
D. CALHOUN, MD

### SUMMARY:

This was a therapeutic trial of nasal CPAP done on filtered room air. A Respironics CPAP machine was used with a Fisher & Paykel Simplus medium full face mask. The study was started with a heated humidifier. EPR at 3 was used with the CPAP for comfort.

Sleep latency was recorded at 0h 6.5 minutes with a total sleep time of 393 minutes and an excellent sleep efficiency of 99.87%. REM latency was recorded at 1h 4.0m with increase in REM sleep at 29.8% of the total sleep time.

Nasal CPAP was started at 5 cm H2O and gradually increased to 11 cm which eliminated apneas and hyponeas during sleep. Baseline oxygen saturation level now averaged 97.0%. The patient slept on his back throughout. He reported sleeping much better than usual.

The above study documents that CPAP at 11 cm H2O is effective in eliminating apneas and hypopneas during

RAYNOR, JAMES

sleep and the patient tolerated it well. REM sleep rebound was observed with the CPAP use.

**RECOMMENDATIONS:**

1. The patient should use CPAP at 11 cm during sleep. *SETTING SET FOR CPAP*
2. Sedative hypnotics including alcohol should be avoided since they aggravate symptoms of sleep apnea.
3. Weight reduction by diet and exercise program is indicated. *DIET NEEDED*
4. Treatment of any upper airway obstruction is suggested. *AIRWAY OBSTRUCTION CAN CAUSE DEATH*
5. TSH level should be done since hypothyroidism is known to aggravate sleep apnea. *A CONDITION THAT MAKES SLEEP APNEA. DANGEROUS AND CAN CAUSE STROKE*
6. If sleepy driving the patient should avoid this activity until he is fully alert with the treatment.

Age: 56 (5/15/1960)	Epworth: 18	Date of Study: 12/20/2016

### Scoring Technicians Comments

The patient is a 56 year old Caucasian male inmate. Here today for a CPAP. The hook up went well with no issues. The patients initial PSG was done on 12/20/16 his AHI was 5.31 and REM AHI was 17.14. CPAP was started at 5 cm H2O with a Fisher & Paykel Simplus Medium full face mask. Patients optimal CPAP Pressure appeared to 11 cm H2O. During the sleep study normal sinus rhythm was noted in EKG. Patient did demonstrate Obstructive Sleep Apnea with loud snoring. The patients ending AHI was 3.20 overall at 11 cm H2O AHI was 0. The lowest oxygen saturation noted was 92%. Periodic Limb Movement Disorder was not noted.

POLYSOMNOGRAM

REFERRING PHYSICIAN: Department of Corrections

STUDY DONE NIGHT OF: 10/09/2014

INDICATION: Rule out obstructive sleep apnea.

DESCRIPTION: This polysomnogram was performed utilizing Viasys CephloPro Series sleep equipment with and/or without RespirTrace monitoring. The recording and the interpretation were performed utilizing 16 channels of data collection including, but not limited to, EOG, chin EMG, EEG channels (2 central and 2 occipital), EKG, respiratory flow monitoring, thoracic and abdominal effort monitoring, snoring sensor, oximetry, leg anterior tibialis EMG and position monitoring. All arousals are scored by the standard of 3 seconds as established by the American Academy of Sleep Medicine. All hypopneas are scored as either associated with a 4% decrease in oxygen saturation and/or an arousal.

FINDINGS: The patient spent 432.5 minutes in bed with a total sleep time of 267.0 minutes, yielding a sleep efficiency of 62%. Sleep onset latency was 9.0 minutes. Wake after sleep onset was 155.5 minutes. Latency to stage REM was 325.0 minutes. Sleep stage percentages were 28% stage I, 62% stage II, 0% stage III, and 10% stage REM. Severe sleep stage fragmentation was observed.

Apnea-hypopnea index was 0.9, with a minimum oxygen saturation of 92%. (4) OBSTRUCTIVE HYPOPNEAS "SHOWN" SLEEP APNEAS. Events consisted of 4 obstructive hypopneas. The patient slept 211.0 minutes in the supine position and 56.0 minutes in the lateral position. Supine REM was observed during the study. No Cheyne-Stokes respirations were observed.

No periodic limb movements were observed.

Cardiac monitoring demonstrated no instances of bradycardia, asystole, sinus tachycardia, narrow complex tachycardia, wide complex tachycardia or atrial fibrillation.

No snoring was heard during the study.

DIAGNOSIS: PHYSIOLOGIC HYPERSOMNIA, UNSPECIFIED (327.10).

INTERPRETATION: This baseline sleep study does not demonstrate obstructive sleep apnea. This study was limited secondary to a decreased sleep efficiency of 62% due to prolonged wakefulness after sleep onset. If suspicion for obstructive sleep apnea persists, a repeat polysomnogram may be indicated with documentation of the patient's sleep schedule and education on appropriate sleep hygiene techniques to help ensure the patient sleeps throughout the night. This study was ordered as a split night polysomnogram but did not meet respiratory disturbance index criteria for initiation of titration during the first 2 hours of the study.

## MEMORANDUM

To: Inmate Population

From: A. David Robinson  
Chief of Corrections Operations

Subject: COVID-19 Emergency Feeding Menu, Religious Diet, Indigent Stipend

In the ongoing changing landscape precipitated by the Coronavirus 19 pandemic and to reduce the potential risk for exposure to inmates and staff, facilities with positive cases of the virus in staff and/or inmates have needed to implement the Emergency Feeding Menu for a period of 14 to 28 days for the protection of staff and inmates. The Emergency Feeding Menu is implemented when there is a reduction in Food Service staff, due to positive cases, that hinders the kitchen from operating normally. VADOC is committed to protecting the health and welfare of inmates and staff during the pandemic crisis.

Under the Emergency Feeding Menu, religious diets (Common Fare or Orthodox Jewish Diet) are not being offered through regular cafeteria services since a modified menu is having to be prepared by non-food service personnel and/or a reduction in Food Service Supervisors during the limited time periods when facilities experience positive cases of Covid-19 and need to adjust to meet operational needs.

As always, inmates currently on a religious diet may purchase kosher and halal products through the commissary to accommodate their diet in accordance with their faith practice. The Commissary Manager at each facility will ensure the Local Commissary Menu clearly identifies kosher and halal products available to the inmate population.

To ensure that all who are currently on religious diets are able to obtain kosher or halal products, indigent inmates on a religious diet are eligible to receive a \$25.00 stipend per day to order kosher and halal items through commissary to supplement their diet during the period that the facility has implemented the Emergency Feeding Menu.

Indigent inmates will be able to submit their bubble sheet commissary order once a week to a designated facility staff member by 4:00 p.m. on Thursday. Each Monday, the Business Manager will receive notification from the Finance Office by 8:00 a.m. confirming the indigent inmates approved to receive the stipend. The Commissary Manager will fill the order and provide the inmate a receipt for the order. The Commissary Manager will fill these orders no later than Tuesday of each week for the indigent inmates.

The indigent inmate stipend will remain in effect until a facility placed on the Emergency Feeding Menu is clear to return to normal food service operations.

## Religious Diet Request

Offender Name: Rabbi: JAMES H. RAYNOI

Number: #1067103

Facility: LAWRENCEVILLE CORRECTIONAL CENTER

Indicate below the specific religious diet requested, and submit this form to appropriate staff for processing.

☐ **Common Fare diet:** The Common Fare diet provides an appropriate religious diet for those offenders whose religious dietary needs are not met by the Master Menu.

- The Common Fare diet menu meets or exceeds the minimum daily nutritional requirements.
- All foods purchased for the diet, except fresh fruits and vegetables are certified by a recognized Orthodox Standard such as "U", "K", or "CRC".
- The Common Fare diet is Kosher using Kashrut methods
- No pork or pork derivatives are used.
- The storage and preparation of food items, the cleaning and purification of food service equipment, serving utensils, and contact surfaces, as well as the serving of Common Fare meals comply with religious dietary laws.

☒ **Orthodox Jewish diet:** The Orthodox Jewish diet is available to those offenders whose religious dietary needs cannot be met by the Master Menu or the Common Fare diet menu. In the space below, please explain why the Common Fare diet does not meet your religious dietary needs.

I AM A STRICT ORTHODOX JEWISH RABBI: CERTIFIED: MY ORTHODOX JEWISH DIET IS VERY STRICT. THE COMMON FARE DIET IS RELIGIOUSLY UNEXCEPTED FOR MY SELF TO EAT DUE TO MY STRICT KOSHER RELIGIOUS FAITH: SOME FOODS ARE NOT PERMITTED TO EAT IN COMMON FARE DIET: FOR ORTHODOX FAITH: AND AS A RABBI: AND A RELIGIOUS ORTHODOX TEACHER I MUST OBEY ON THE ADVICE OF MY ATTORNEY MS. ANGELA BAILEY OF MY KOSHER LAWS. BAILEY LAW FIRM THIS ACTION IS TAKEN: I have read this form and hereby request to participate in the religious diet selected above.

Offender Signature: Rabbi: JAMES H. RAYNOI

Date: 2-5-21

I AM WITHDRAWING THIS RELIGIOUS REQUEST FOR KOSHER DIET UNTIL THE COURT ACTION IS SETTLED BY THE FEDERAL COURT JUDGE: DUE TO LEGAL RETAILATION, & CRIMINAL FRAUD.  
Offender requests for assignment to the Common Fare diet will be processed at the facility upon receipt. Orthodox Jewish diet requests with a completed explanation of need must be submitted to the Director of Food Services for further review and approval.
